page on our website

If you are concerned for a child's health, welfare or safety in any way you must speak to one of the above members of the safeguarding team before you leave the school site. Do not question the pupil or try to secure evidence. Your responsibility is to report your concern, not to investigate.

If a pupil tells you something that suggests that they are at risk of harm, allow them to tell you as much as they wish. Please reassure the pupil that you have listened and that you must pass on the information to the safeguarding team.

Once you have spoken to a member of the safeguarding team please ask the Class Teacher or Teaching Assistant to report the incident on CPOMS.
